

REMARKS

Claims 1 and 2 are all the claims pending in the application.

Applicant thanks the Examiner for indicating that this application is in condition for allowance except for formal matters. It is respectfully submitted that this response addresses the formal matters identified by the Examiner.

In the Statement of Reasons for Allowance, the Examiner acknowledges that the claims are allowable because certain features therein are not taught or suggested by the prior art. However, the language used by the Examiner in describing these exemplary features is not the same as the language contained in all of the claims.

Accordingly, we would submit that each individual claim is allowable based on its own language, and not based on any paraphrasing or addition of language that may be made by the Examiner. If the Examiner disagrees with Applicants' position, we would request the Examiner to reopen prosecution.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
